“Whatever it takes. Our people are driven to succeed” – *Bob Peacock, President, ALMAG Aluminum*

Recognized as one of Canada’s Best Managed Companies, ALMAG understands that true customer satisfaction comes from delivering an exceptional service and a superior product. Our goal is to provide Customers with peace of mind knowing that quality products, short lead times and customer satisfaction is our top priority through all four pillars of service — Design, Extrude, Fabricate and Finish. We believe in building strong relationships around reliability and ownership which go hand-in-hand with our core values; respect and fairness, humility, passion for progress and ownership. Recognizing that people create culture, our core values are fundamental drivers of our workplace environment.

JOB DESCRIPTION

Directly responsible to the Warehouse Manager. Must communicate with Scheduler, Sales, Packaging department and all other plant personnel. Functionally responsible for material being shipped as per customer requirements and received. Ensure that a safe working environment is maintained at all times. This will be done by following Company policies and procedures. We believe that every Employee is responsible to act safely and to model good safety practices.

Key Responsibilities

- Ensure material is shipped On Time, In Full as Ordered
- Prepare and record shipments in computer system, affix identifying information and shipping instructions
- Inspect and verify incoming goods against invoices or other documents. Record applicable data in the system as required as well as shortages and reject damaged goods
- Maintain internal computerized record-keeping systems
- Assign truck loads and routes based on most optimal mode
- Arrange quality reports for shipments

- Arrange courier services
- Ensure all weights and counts are correct as indicated on work order
- Track and trace freight
- Create shipping documents and schedule pick ups
- Create international shipment documents
- Perform transportation quotes, review vendor billing and Fuel surcharge
- Filing transportation claims
- Upkeep of trailer seals and documentation
- Comply with all quality related policies, procedures and system requirements.
- All other duties as assigned

DESIRED SKILLS AND EXPERIENCE

Experience

- Candidates should have 1-3 years' experience in a Shipping/Transportation/customer service environment.
- Must have a good command of English, both written and oral.
- Must have good telephone presence and manners.
- Must have knowledge of freight class/ harmonization coding.
- CTPAT, PAP, CWPCP and NAFTA knowledge an asset.
- Valid Forklift License an asset (not a requirement).

Education

- Post-secondary education preferred, Grade 12 mandatory

Personality Traits

- Should have high energy level, a positive attitude and be able to work without direct supervision.
- Should be a strong team player and work well with others.
- Strong time management and organizational skills are a must have.
